READING
JOURNAL
A RECORD OF TWENTY-FOUR BOOKS
AND THE IDEAS YOU WANT TO KEEP.
ORIGIN

# Read, remember, use

You do not have to finish a book to record what it offered. Separate a quotation from your own interpretation. Add a page number if you quote, and keep quotations short. The goal is a personal record, not a public review score.

# A reading record

Title / author / dates

Why I picked it up

An idea I want to keep, in my own words

A question it left me with

# Bring an idea into life

A detail or passage and its page reference

What I agree with or want to question

An action, conversation or further reading

What happened when I returned to the idea?
