

STUDIES IN NATURE

TWELVE ORIGINAL GEOMETRIC PLATES:
WATER, STONE AND GROWTH.

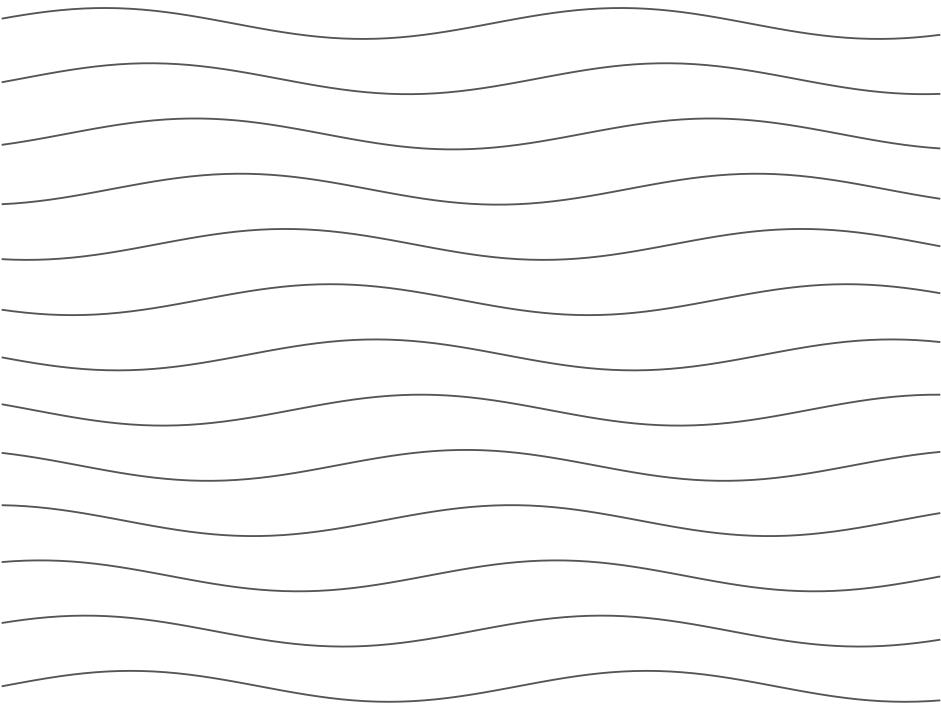

BENJAMIN BRIXLEY

ORIGIN

Look at the shape

These original vector studies are inspired by natural forms. They are drawings, not photographs or scientific measurements. Each plate changes one formal choice: spacing, direction, scale or repetition. Use the opposite page to record what you see.

Water / rhythm

Your own reading

Where do your eyes begin, and where do they move?

What I see

A study I would make differently
